Subject: Tank removal from CES Environmental Services site

Hi Gary!

I hope all is well with you. As you know Ashland contracted with Clean Harbors to remove the Ashland tanks from the CES Environmental Services site. Now that they are ready for disposal, Clean Harbors is saying they need a Texas site ID number and Texas waste code for the material since it is a Class 1 industrial waste. Normally I would get a one time Texas shipment ID but TCEQ says I cannot since this is a cleanup site. What Texas ID and waste code numbers have you been using for shipment of other materials from this site?
